IdeoneAPI special contest (Stage 1)

Stage 1

At this stage you should form a team and submit your project description. Each team should designate a leader who will represent a team and contact the competition jury. The team leader on the day of submission must be over 16 years old. An application project in the form of a 2-page document in pdf format should be sent by the team leader (in the case of several applications the last one is taken into an account) by way of the SPOJ system.

Applications must include:

- The name of the project
- Team members' (from 1 to 4 people) personal data (names and SPOJ logins) with a team leader indicated. All team members must be officially registered High School Programming League participants.
- A brief description of the project along with motivation.

Submission deadline - Saturday, ~~10 April~~ 20 March 2010, 12:00.
