Welcome our new VC

Welcome to the Programming Workshop at Sylhet International University! As a seasoned programmer and instructor, your task is to guide the new programmers through their initial steps in coding. Instead of the traditional "Hello World" program, let's give it a personal touch by printing our university name, "Sylhet International University".

Write a simple program that prints the name of our esteemed institution, "Sylhet International University".

Input

No input

Output

Print "Sylhet International University" without quotes.
